

And now it is time for you to reveal all about 'Fugly' and what does the word fugly mean to you?

Actually speaking to me Fugly is the representation of a man who has the guts to take his stance on any issues under any prevailing circumstances. To be precise 'Fugly' is a social thriller implying a very strong message. This fast paced youth entertainer has been set in the by lanes of Delhi. It has a miss a beat narrative, that would drive you to the edge of your seat in the true blue colours & varied shades of our capital city, Delhi. It's whacky! It's kitsch and it puts the best of friends through the most bizarre events of their life. And the game is called fugly.

What are the other highlights of 'Fugly'?

As per me I think its pulsating music by Yo Yo Honey Singh & Prashant Vadhya, that is young, experimental

and yet completely commercial. My favourite number is the title track of 'Fugly'. In fact 'Fugly' is guaranteed to knock you off the seats. It has a good story and the best concept that has come across my way. It is very well written with spicy dialogues. In fact everything in the movie and the storyline is the main thing. I am very very happy to be a part of it.

By the way who are your favourite Bollywood & Hollywood actors?

My favourite Bollywood actors among males is the one and only one He man Dharmendra and among females it is Deepika Padukone. Then my favourite Hollywood actors among males it is Leonardo DiCaprio and among females it is Kate Winslet and above all Jennifer Lawrence. As I think she is really hot man!

Do you have any dreams about your dream role that you would like to perform if given a chance!

I would like to perform Akshay Kumar's roles in the 'Hera Pheri' series, Ajay Devgn's role in 'Hum Dil De Chuke Sanam' and above all Salman Khan's role in 'Hum Aapke Hai Kaun' I would do anything to bag such roles.

As a parting shot can you give us an idea about your future movies?

In this regard I wish to state that there are indeed 2 more projects in discussion but i would like the producers to announce about it rather than me. Beside I am yet to sign on the dotted lines. Yeah! I know I am taking a huge risk now by banking heavily on 'Fugly, but still I have firmly taken a decision to do only meaningful roles in the projects of only good & big banners. That's it and that's my conscious professional decision. Period!
